**SUBMISSION OF CORRECTED SEQUENCE LISTING**

Sir:

This is a response to the Notice To Comply With Requirements For Patent Applications Containing Nucleotide Sequence And/Or Amino Acid Sequence Disclosures dated September 7, 2004 (copy enclosed). A petition with the fee for a one-month extension of the due date for response is enclosed herewith. If the accompanying payment is insufficient or if any other fees are required in connection with this response, please charge all necessary fees to Deposit Account No. 10-0750.

To correct the informalities identified in the Raw Sequence Listing Error Report included in the Notice, Applicant submits herewith a Substitute Sequence Listing on paper and a copy on diskette in computer readable form. Pursuant to 37 C.F.R. §1.825, the undersigned states that the copy of the Substitute Sequence Listing in computer readable form is the same as the paper version of the Substitute Sequence Listing. The undersigned further states that the Substitute Sequence Listing introduces no new matter, insofar as it corrects apparent informalities in the Sequence Listing as originally filed and updates the application information.

In view of the foregoing, the requirements of 37 C.F.R. §§ 1.821 - 1.825 have been met. Accordingly, Applicant requests prompt examination on the merits.

Respectfully submitted,

Linda S. Evans
